

About HIMALAYA

Importer & Wholesaler of Biker Apparel

Susanna International LLC (HIMALAYA MOTOR BIKE WEAR) started its journey in the field of leather garments 20 years ago and diversified into fabric garments 10 years ago according to market demands. At present we are dealing in leather & fabric garments, gloves and protective garments for motorcyclists. We specialize in manufacturing and wholesaling of quality leather & textile apparel.

Leather Garments

Susanna has its own tanning unit equipped with modern machinery for the processing of leather of all types and we produce leather according to International environmental standards.

Garments are designed for competitions and for better safety, maintaining the greatest comfort even to the performance limit. Gloves, saddle bags and accessories are available in high quality materials.

Textile Apparel

Textile apparel is available in several high technology materials. Innovative solutions have been applied to our apparel for the best comfort on long journeys and great adventures on the world roads. Garments are waterproofed and seam sealed in hi-tech machines.

Serving our Customers

We can offer our dealers the best quality in the shape of unique products, lowest prices and deliveries as per their requirements. Our representatives are available to handle your orders and will strive to satisfy your needs.

Feel free to browse through our web site for information on our products. We have more products than what is shown online so if you have any questions please contact us.
